3. After the candidate has read each item in the Test Booklet and decided which of the given responses is correct or the best, he has to mark the circle containing the letter of the selected response by blackening it completely with ball point pen as shown below. In the following example, response “C” is so marked:

In the test ball point pen of black or blue ink is to be used as such you should be very careful while marking the responses to avoid erasing at a later stage. Double marking in the answer sheet will fetch zero mark. 5. You have to mark all your responses ONLY on the ANSWER SHEET separately given to you.

6. All items carry equal marks. Attempt all items. Your total marks will depend only on the number of correct responses marked by you in the Answer Sheet. There will be no negative marking.
